

2023 SONOMA VALLEY GRENACHE BLANC

ABOUT

Grenache Blanc is a Rhône variety offering great texture and juiciness. Often part of our Turbine White Rhône blend, it stands alone beautifully too. In this 2023 vintage, we are sourcing from two vineyards within the Sonoma Valley appellation - Snow Vineyard and Skyfall Vineyard, each delivering gorgeous fruit with classic green acid and citrus notes for which the variety is known. After a cool and wet winter, the 2023 growing season was off to a later start than normal and pushed harvest later as well, but the flavor development was exceptional when the fruit came into the winery.

Fun Fact: Grenache Blanc grape clusters tend to grow quite large with medium size berries.
